As an employer ask yourself the following questions:

**Do you have to cover carer's shifts when carers go to NVQ workshops for their underpinning knowledge?**

If the answer is yes. What is the cost to you? Carers using W&P Distance Packs for their underpinning knowledge complete them in their own time. **Cost to you – NIL**

**Do you pay to transport these staff to their workshops?** (Many homes do).

Carers using W&P Distance Packs do not require this service. **Cost to you – NIL**

**Whilst these carers are attending workshops someone has to spend time and effort to revise the rotas and cover shifts. What is the cost of this time consuming exercise to you?**

Carers using W&P Distance Packs do them in their own time. **Cost to you – NIL**

**Your business will have different requirements to another business perhaps in the same area. Does your present Training Provider 'listen' to your needs?**

We at W&P 'listen' to your requirements and tailor individual packages to suit your training needs.
